PROJECT

Thank you Petronas & Samsung Engineering for the focused recognition award. It is a great honour for us and we are extremely grateful to be a part of this amazing project. The satisfaction of seeing the erected EO Reactors is beyond words. We look forward to more opportunities in the future!

FOCUSED RECOGNITION

I want to recognize MEGALIFT SDN. BHD. for demonstrating

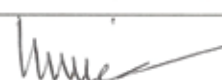

<input type="checkbox"/> Result Matter	<input checked="" type="checkbox"/> Own it!	<input checked="" type="checkbox"/> Focused Execution
<input type="checkbox"/> Nurture Trust	<input type="checkbox"/> Tell Me	<input type="checkbox"/> Shared Success
<input type="checkbox"/> Creative Challenge	<input checked="" type="checkbox"/> Schedule	<input type="checkbox"/> Approach, not avoid

In the following manner:
 As the local inland transportation, Megalift made the necessary background studies and preparations for the transportation of EO Reactors. Megalift has also been co-operative with other vendors, forwarders and subcontractors that led to the swift and successful transportation of EO Reactors.

Megalift has been supportive in supporting Site crew in the delivery of equipment to Site.

By doing this, the team has positively impacted the following key result(s)

1. Contribution to achieve on-time erection schedule.
2. Good over-sea transportation performance without any delay and damage.

Fishing Boat from Yokohama, Japan to Kota Tinggi, Johor

Cargo: Fishing Boat
Dimension: L13.00 m x W3.50 m x H4.00 m
Weight: 10 tons

PROJECT

Jimah East Power Plant

Cargo: Deaerator
Dimension: L34.00 m x W5.20 m x H5.70 m
Weight: 225 tons

Southeast Asia Breakbulk 2017

featured
EVENT

We recently participated in the inaugural Southeast Asia Breakbulk exhibition in Kuala Lumpur. It was an amazing two-day event for us to network with clients and other industry players.
